

**MEADOWBROOK
GARDENS**

A bespoke development of 2, 3 and 4 bedroom homes in Old Calmore, on the rural edge of the New Forest.

Meadowbrook Gardens includes nine newly built homes, each of which reflect key elements from the sympathetically rejuvenated original Brook House. These include gabled slate roofs and brick and render wall finishes to create a distinctive and harmonious style throughout the development.

Old Calmore is a highly sought-after residential area on the eastern edge of the New Forest National Park, surrounded by stunning countryside. A leisurely walk takes you to the tranquil Testwood Lakes Nature Reserve, where you can enjoy spotting birds, butterflies, dragonflies and more.
